

# UPGRADE TO THE NEXT GENERATION TOS WITH DECADES OF OPERATIONS EXPERIENCE

## Boost Efficiency at Every Step

Gain complete visibility and control of every container and piece of cargo with smarter tools for managing inventory, billing customers, and processing cargo.

## Increase Throughput Without Adding Staff

Built on a robust Adobe Flex development platform. With Mainsail Vanguard, you can find the information you need faster -- with fewer keystrokes, fewer errors, and more information at your fingertips.

## Communicate Instantly With Customers and Partners

Provide your customers and partners with access to key terminal data on demand using Mainsail Vanguard's intuitive web interface, Mainsail Online.

# MANAGE

## Instantly find the information you need

- Access more features from a single screen
- Easily filter and sort data, drill-down into details, and graph results
- Save time with the ability to access previously used search criteria
- Flexible reporting in real-time for data on demand

## Containers, ro-ro and break bulk in one system

- Incorporates all the functionality needed to handle any cargo type
- Intuitive icons display key cargo information at-a-glance, such as cargo type, damage, and hazardous information

## Completely customizable user experience

- Restrict which users are able to view, add, edit and delete data on each screen
- Individual users can set specific preferences to view and sort data the way they want to see it
- All system features are available for use – the terminal decides which ones to turn on or off based on its operation

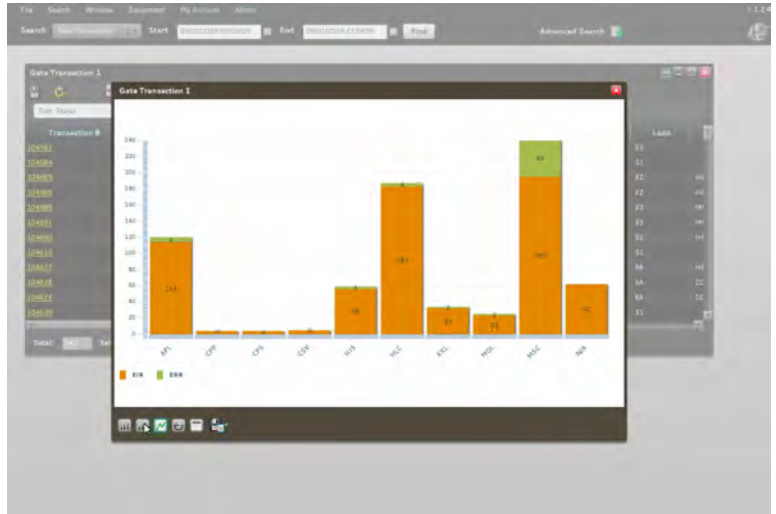

## Integrates seamlessly with third party systems

- Financial and accounting systems
- Advanced gate systems
- Mobile computing devices
- Optical Character Recognition (OCR)
- Radio-Frequency Identification (RFID)
- Customer proprietary systems

## Comprehensive terminal operating system

- Import, Export & Tranship Processing
- Ro-Ro & Non-Containerized Cargo
- Container Freight Station (CFS)
- Statistical Reporting
- Electronic Data Interchange
- Customer web Interface (Mainsail Online)
