

UPGRADE TO THE NEXT GENERATION TOS WITH DECADES OF OPERATIONS EXPERIENCE

Boost Efficiency at Every Step

Gain complete visibility and control of every container and piece of cargo with smarter tools for managing inventory, billing customers, and processing cargo.

Increase Throughput Without Adding Staff

Built on a robust Rich Internet Application (RIA) development platform, with Mainsail Vanguard, you can find the information you need faster – with fewer keystrokes, fewer errors, and more information at your fingertips.

Communicate Instantly With Customers and Partners

Provide your customers and partners with access to key terminal data on demand using Mainsail Vanguard's intuitive web interface, Forecast® by Tideworks.

MANAGE

Instantly find the information you need

- Access more features from a single screen
- Easily filter and sort data, drill-down into details, and graph results
- Save time with the ability to access previously used search criteria
- Flexible reporting in real-time for data on demand

Containers, Ro-Ro and break bulk in one system

- Incorporates all the functionality needed to handle any cargo type
- Intuitive icons display key cargo information at-a-glance, such as cargo type, damage, and hazardous information

Completely configurable user experience

- Configure each screen to determine which role is able to view, add, edit and delete specific data
- Individual users can set specific preferences to view and sort data the way they want to see it
- The terminal decides which features to turn on or off, by role, based on its operation

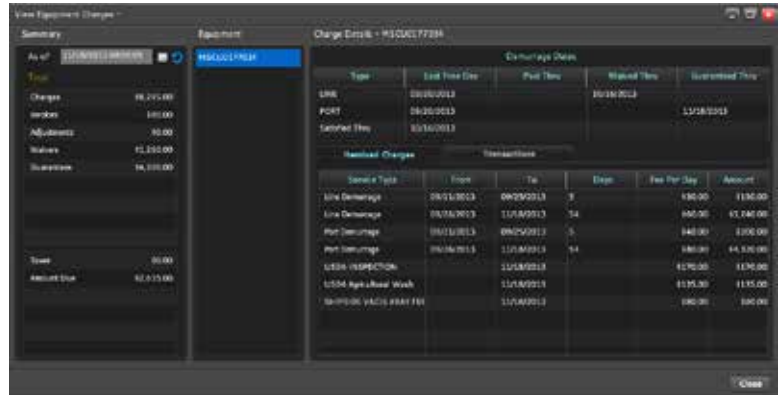

Integrates seamlessly with third party systems

- Financial and accounting systems
- Advanced gate systems
- Mobile computing devices
- Optical Character Recognition (OCR)
- Radio-Frequency Identification (RFID)
- Customer proprietary systems

Comprehensive terminal operating system

- Import, Export & Tranship Processing
- Ro-Ro & Non-Containerized Cargo
- Billing Module
- Statistical Reporting
- Electronic Data Interchange
- Customer web Interface (Forecast® by Tideworks)
